**OLD-TIME COLD CURE—DRINK TEA!**

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburg Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieves congestion, loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

**BLAZE STARTS IN AUSTIN BLOCK**

Fire From Good Headway in Hall Discovered by Policeman  
Perry—Flames Shoot to Roof Through Skylight—Cause Unknown—Considerable Water Damage to Three Main Street Stores.

With a good start when it was discovered about 7.08 o'clock on Tuesday evening by Policeman Charles E. Perry, a fire in the hallway of the Austin building on Main street gave the department lively work when they responded to box 16, from which the policeman turned in an alarm.

The damage to the building by fire was confined to the hallway and to the blind attic and roof timbers, but there was considerable damage by water to the stocks of the clothing stores of the G. W. Wells Co., the shoe store of the G. W. Wells Co., and the store of the Lahn Furniture Co., which occupy the street floor of the building and also have a considerable stock of goods in the upper floors. There is also considerable damage by water to the stock of the building. A new pool table put in less than a month ago was thoroughly soaked by water that dripped from the ceiling.

When Policeman Perry discovered the fire it was burning in lively fashion at the head of stairs in the hallway and the whole interior seemed to be on fire as he looked up the stairs. He at once ran to the box at the corner of Main and Market streets and turned in the alarm.

The deep snow in the streets made heavy pulling for the apparatus, but the chemical company No. 1, whose station is right across the street from the upper end of the Austin building, got to the fire in a few minutes. The steam and the aerial truck from the central station all answered the alarm and had water in the tanks. The fire was quickly extinguished by the hose and the water was turned on the blaze, which had run up through the hallway and mounted to the roof, breaking out through a skylight and ventiler.

The smoke poured out under the cornice of the building, showing where the fire had gained access to the blind attic. Chief Stanton a line of hose was run in from a hydrant on Court street and the fire was quickly put out. The fire was caused by a gas leak from a gas stove in the main street floor of the building, which was used for two lines of hose and the one farther down the street near the corner of Court street was used for one line.

The steamer was posted in front of the long steps down from Main street and quickly got up steam, but had to wait until the hydrant, which it found frozen, was thawed out by the firemen.

These made the alarms for the month of February this year a total of 28 in 17 days and the total number since Jan. 1st of 146.

Two Chimney Fires.

Just after the recall had been rung word was received that there was a chimney fire at the home of Ephraim Williams, 24 Court street. The cause of the autochemical was sent there. Part of the way the auto had to plow out covered the main street for a distance of about 100 feet. The fire was quickly extinguished by the hose and the water was turned on the blaze, which had run up through the hallway and mounted to the roof, breaking out through a skylight and ventiler.

Soon after the autochemical had left for the fire, the firemen were called to headquarters by Manager A. Craig at the Davis theatre where they needed a fireman to look at a chimney fire. Under the direction of Chief Stanton a line of hose was run in from a hydrant on Court street and the fire was quickly put out. The fire was caused by a gas leak from a gas stove in the main street floor of the building, which was used for two lines of hose and the one farther down the street near the corner of Court street was used for one line.

The steamer was posted in front of the long steps down from Main street and quickly got up steam, but had to wait until the hydrant, which it found frozen, was thawed out by the firemen.

These made the alarms for the month of February this year a total of 28 in 17 days and the total number since Jan. 1st of 146.

**STATE GAME PRESERVE**

Offer of East Lyme Land Made by Morton F. Plant.

Morton F. Plant has offered his 2,000 acres game preserve between East Lyme and New London to the state for a term of years and at a meeting of the state fish and game commission at the state house in Hartford Tuesday Mr. Plant's offer was accepted. The negotiations with Mr. Plant were conducted by Mr. E. J. Robinson, state fish and game commissioner, and Col. C. L. E. Robinson.

The preserve is situated in East Lyme on the main highway between Old Lyme and New London, the greater part of it being north of the main highway. It contains about 2,000 acres and is two miles east and west by three miles north and south, except where it is narrower. The preserve is bounded by the Four Mile river, one of the celebrated trout streams of the state. The territory consists of marsh, meadow, upland and forest and is especially noted for its abundance of game. The woods are many ruffed grouse, and the quail are numerous in the fields. Woodcock find favorite resting places in the brush and the black and white ducks have been seen in the pond. The preserve is well equipped for the raising of ringneck or English pheasants and Mr. Plant has turned over thousands of these birds for the sport of himself and his friends. The buildings and pens for the birds are all of large size and in fine condition and are ready for the use of the fish and game commission for propagating purposes. By building a large concrete dam on the Four Mile river Mr. Plant made a larger and more extensive preserve of a mile long by two hundred yards in width, and this can be utilized for the raising of wild ducks.

Judge Reed granted the request and after a conference of about an hour and a half counsel reported that the case had been adjusted.

Refinery, Brown & Perkins and Desmond appeared for the plaintiff, and Waller, Waller, Avery & Gallup for the defendant. This being the only case down for Tuesday, court adjourned until Wednesday morning at 10 o'clock.

**SHOP TALK GIVEN AT THAMESVILLE FACTORY.**

Rev. G. H. Strauss Spoke—Topic, "What's the Matter With Jesus?"

Rev. George H. Strauss addressed the shop meet held at the Curry, at Thamesville, Tuesday noon, under the auspices of the Y. M. C. A. The speaker chose for his topic, "What's the Matter With Jesus?" Among some of the things said were:

Men, I think this a pertinent question. Because (1) there is no life apart from Jesus, (2) a universal life for life and (3) all may have it. But in view of all this the sad fact remains that many are going through life and sleeping out into another world without having ever come to Christ for the life which He alone can impart to us. A man who has money need not go begging for an opportunity to give it away. Christ has a gift for us which far surpasses money, yet we make no rush for it.

The question naturally comes up, "What's the matter with Jesus?" Is His life a failure? If you take a glance at the life of Jesus, you will find a man who has made a great success of His life. He has been called a great man, a great teacher, a great leader, a great savior, a great friend, a great lover, a great man of peace, a great man of justice, a great man of truth, a great man of love,
